

# Meet 'n' Greet

## The best way to view your future home

When you come to view this property, you can take advantage of a special scheme we are running in this area – its called **Meet 'n' Greet**.

The **Meet 'n' Greet** scheme gives you the opportunity to learn all about what its like to live in the local area when you go to look at a property you are interested in renting.

When you view this property, a member of the local tenants and residents association will be on hand, along with a member of staff from the local housing office, to tell you about the area, the facilities and what its like to live there.

Members of the tenants and residents association who take part in the **Meet 'n' Greet** scheme have undergone thorough training. They live in the area so they can answer any questions you may have about the neighbourhood, or about the property or local services.

If you do not want to take advantage of the **Meet 'n' Greet** scheme please let the housing office know when you arrange to view this property.

The **Meet 'n' Greet** scheme is supported by Leeds South Homes and Leeds Tenants Federation.
